Transgenic animals that allow us to study gene expression in a particular cell or tissue are also being used to study the genetic control of the immune system. For example, transgenic mice that lack a particular gene involved in the immune system can be used to study the role of that gene in the immune system.

The present study was designed to investigate whether a strategy to be used in the case of a future disaster could be developed and evaluated using a computer simulation.

UK police search house linked to Sweden blasts

Highly explosive material was found in the kitchen of a house in the north of England, police said, in a search linked to the investigation of the bombings in Sweden.

Has the suspect in the bombings in Sweden been found?

Police in the north of England are searching a house in the town of Macclesfield, about 100 miles from London, for highly explosive material. The search is linked to the investigation of the bombings in Sweden, which took place in the early 1990s.

The search is part of a wider investigation into the bombings in Sweden, which were carried out by a group of people known as the 'Reds'. The group was active in the early 1990s and was responsible for a number of bombings in Sweden and other countries.

ADB earmarks \$10M to boost SME lending

Small firms growth key to ending poverty

By Michael S. Davis

MANILA, Philippines — The Asian Development Bank (ADB) has earmarked \$10 million to boost small and medium enterprise (SME) lending in the Philippines, a move seen as a key step in ending poverty.

The ADB said the money will be used to support the Philippine Small Business Enterprise (PSBE) program, which aims to help SMEs grow and create jobs.

The PSBE program is a joint venture between the ADB and the Philippine Development Bank (PDB). It provides financial and technical assistance to SMEs, including loans, grants, and training.

The ADB said the PSBE program is a key part of its strategy to promote economic growth and poverty reduction in the Philippines. It said the program will help SMEs to expand their operations, create jobs, and improve the lives of the poor.

The ADB said the PSBE program will be implemented over a five-year period. It said the program will be a model for other countries in the region.

Filinvest raises stake in Lebu

By Michael S. Davis

MANILA, Philippines — Filinvest has increased its stake in Lebu, a move that could lead to a full takeover of the company.

Filinvest said it has increased its stake in Lebu from 49.9% to 50.1%. The move was completed through a series of transactions over the past few months.

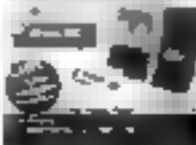

Lebu is a real estate and construction company. It is a subsidiary of the Lebu Group, which is controlled by the Lebu family.

The following table shows the results of the regression analysis for the dependent variable *Y* (in thousands of dollars) against the independent variable *X* (in thousands of dollars). The table includes the regression equation, the coefficient of determination (R^2), and the standard error of the estimate (s_e).

Toast to freedom at PDI bash

By Dave Karger

During the 2008 PDI (Pixar Disney Institute) conference, attendees (and their families) were treated to a variety of activities, including a special screening of the film *Wreck-It Ralph*. The screening was held at the PDI Theater, which is a state-of-the-art digital theater with a 100-foot screen and a 100-foot stage.
